Backend: Node.js | Express.js | SuperTest | JWT Authentication | Bcrypt | PostgreSQL | Axios | RESTful API Endpoints; Frontend: HTML5 | CSS3 | JavaScript | React | React Bootstrap | Redux | JSON Schema | JSON Web Token | API

Professional Experience

Springboard, Software Engineering Career Track - Student Feb 2021 - Sep 2022

A 700-hour course covers key aspects of front-end web development, back-end web development, databases, and data structures and algorithms, with 1:1 industry expert mentor oversight, and completion of 4 in-depth portfolio projects. Modules include learning resources, practice exercises, projects, and career-related coursework. *Web Development, JavaScript, DOM Manipulation, Event Driven Programming, Git/Terminal/Github, Modern JavaScript and Testing, AJAX, jQuery, React.js, Redux, SQL, PostgreSQL, Flask, Node.js, Express, Data Structures and Algorithms.

Babysitting Sep 2019 - Sep 2022

JPMorgan Chase & Co., Associate Banker Feb 2019 - Sep 2019; **Teller** Sep 2017 - Feb 2019

Kings County, New York, United States

Close accounts, do statements, make calls to the back office for clients for their problem solving, help customers with everyday transactions, build rapport and introduce them to One Chase family. Teach clients how to use self-service options- helping them enroll in and use tools. Helping customers learn how to complete their banking needs whenever, wherever and however they want with self-service options, including the Chase mobile app, Chase.com, and ATMs with expert knowledge in our self-service and digital platform. Doing ATMs. Everyday helped my colleagues with translating for the bank's customer interpreter Rus-Eng-Rus.

Working for Chase I had all "Five Key Recognition" from my colleagues. Always customer obsessed, created great customer experiences by always being courteous and professional.
